Dear Jane

I am pleased write in support of the Dunbar Community Bakery in behalf of Belhaven Brewery. I am sure the Community Bakery will very successfully fill the gap left behind by the closure of Smith's. I understand there are lots of locals who will welcome the arrival of an artisan bakery, and the wider community will benefit from the opportunity to learn bakery and business skills and buy the produce. Also, it would be wonderful to see Belhaven beer bread created by the bakery.

Wishing you the very best of luck with your important community project.

Yours sincerely
